Career Objective

"To secure a challenging role in the IT domain in an organization, where I can use my skills, learn new things. I aim to be part of the company and new innovative projects, improve my technical knowledge, and develop as a professional and grow while contributing to the company's success."

Education

United Institute of Management, Prayagraj (Affiliated to Dr. APJ Abdul Kalam University, Lucknow) Master of Computer Application	2023-2025 8.25 CGPA
United Institute of Management, Prayagraj (Affiliated to Prof. Rajendra Singh (Rajju Bhaiya) University, Prayagraj) Bachelor of Computer Application	2019-2022 74.65%
R K Inter College, Prayagraj Intermediate (12 th) 2019 State Board	69.33%
R K Inter College, Prayagraj High School(10 th) 2017 State Board	84%

Project

AI- Based Virtual Painting Application

[Duration: 6 week (Jan 2026 - Feb 2026)]

- **Techs:** Python, OpenCV
- Developed an AI-based virtual painting application using computer vision technique
- Implemented **real-time hand tracking and gesture recognition** to enable drawing without physical tool
- **OpenCV**- For image processing and contour detection to track finger movement.
- **User-Friendly Interface:** Designed an interactive interface that improves user experience with smooth and responsive gesture-based controls.

AI-Powered Secure File Encryption System

[Duration: 6 week (March 2025 - April 2025)]

- **Techs:** HTML,CSS, JavaScript, Python, Flask.
- Allows users to perform the file Encryption and Decryption using user define password.
- **User-Friendly Interface:** Designed a responsive and intuitive web application using HTML, CSS, JavaScript.

Online Car Marketplace

[Duration: 6 week (Oct 2024 - Nov 2024)]

- **Techs:** HTML,CSS, JavaScript.
- **User Registration and Management:** Allows Users to register and update their profiles, contact details.
- **Car Inventory Tracking:** Maintains a real-time database of available car units categorized by brand name and location.
- **User-Friendly Interface:** Designed a responsive and intuitive web application using HTML, CSS, JavaScript.

Technical Skills & Strengths

- **Programming Language:** C, C++, Python, Java, JavaScript.
- **Frontend:** HTML, CSS, React.js
- **MERN Stack:** MongoDB, Express.js, React.js, Node.js
- **Database:** MySQL, Oracle.
- **Tools and IDEs:** VS Code, Git, Github
- **Additional Skills:** Data Structures , DBMS, Object-Oriented Programming.
- **Strength:** Team work, Smart work, Discipline, Diligence, Consistency and Negotiation skills.

Extra-Curricular and Certification

- **AI/ML Internship –** AICTE & IBM SkillsBuild **Dec 2025 - Jan 2026**
- **Frontend Developer Internship -** Techkriti (IIT Kanpur) **May 2024 - July 2024**
- Participating in **International Conference on Global Innovative Practices in Sustenance of Modern Businesses**
- Participating in **Accenture Innovation Challenge Bootcamp**, hosted in United Group of Institution 2024.
- **Certificate**
- Certificate course in **Data Analytics and Visualization Virtual** from **Accenture**. **Certificate**
- Certificate course in **Artificial Intelligence Job Simulation** from **Cognizant**. **Certificate**
- Attended Cognitive Class in Python for Data Science by **IBM**. **Certificate**
- Participating in **Gyan Manthan** organized by- United Institute of Management, Allahabad 2024.
